

COLORADO MILL EQUIPMENT CRM-SERIES CRUMBLERS

Pellet crumblers are designed to break pellets into small particles or granules. Colorado Mill Equipment currently offers three models of pellet crumblers: the CRM624, the CRM639, and the CRM660. These crumblers are high-capacity, user-friendly machines with heavy-duty construction.

FEATURES:

- Easy-to-maintain belt-drive design
- 9 corrugations per inch
- Adjustable roll gap for varying particle sizes
- Low profile construction for compact installation
- Full-length hinged maintenance door for roll inspection and clean-up
- Designed with bypass option
